

WELL AND SEPTIC 101

DATE: 09/19/2018

TIME: 6PM

Registration is from 5:30-6:00

Location:

Kalamazoo County Expo Center

Conference Room A

2900 Lake St, Kalamazoo, MI

Attention homeowners, realtors, builders or anyone else who wants to learn the basics about water wells and sewage treatment systems:

Kalamazoo County Environmental Health is hosting an informational seminar to educate the public about the function, maintenance and regulations regarding onsite water supply and sewage treatment systems.

Join us to learn the answers to these questions and more:

- ♦ Where does your drinking water come from?
- ♦ How often should I test?
- ♦ Where does my gray water and black water go?
- ♦ How often should I pump my septic tank?
- ♦ What is the function of an alternator valve?

For more information contact us at:

Phone: 269-373-5337

E-mail: ehincoming@kalcounty.com

Dont Miss this Opportunity!

If you are a homeowner and would like a drawing and brief consultation regarding your water supply or sewage treatment system during the Well and Septic 101 seminar, call to pre-register over the phone and we will provide you with any pertinent information that our office has available.

Call 269-373-5337

Kalamazoo County Health & Community Services is committed to providing equitable, culturally competent care to all individuals served, regardless of race, age, sex, color, national origin, religion, height, weight, marital status, political affiliation, sexual orientation, gender identity, or disability.
